Dear Mr. Neibel:

*Frank-See
what they
want.*

We have received a request for photographs (glossy prints) of your station to include pictures relating to the station, plus a few campus shots furnished by your college publicity bureau. The indications are that these pictures will have wide distribution. Therefore we suggest that they be done, if possible, by a professional or semi-professional photographer; the college publicity bureau might do this. Use your judgement in depicting the outstanding features of WPRU. As the article is going to press shortly, we would appreciate it if you would return these prints to the IBS office as soon as possible.

Sincerely yours,

Sonia-Jane Brown
